PROFILE

Proficient full stack developer committed to developing robust software solutions for businesses. Having majored in BSC. Computer science and worked on multiple projects , I have gained valuable experience and interests in collaborating as well as conformed myself to the software development standards including system development life cycles. I look forward to the use of technology in improving more business spaces.

PROFESSIONAL EXPERIENCE

Full stack Developer (Remote Based Contract)

Painelconstru - Brazil | From April 2021 – Present

I currently work remotely as a lead full stack developer for the startup Pailenconstru, that provides engineers with a pricing panel for engineering tools .The startup is located in Brazil.

Achievements and tasks

- Introduced features that were business oriented
- Developed internal REST APIs
- Collaborated successfully with other senior developers in decision making and code writing
- Successfully developed associated web platform for engineer budgetists and engineering tools suppliers
- Integrated subscription based payments using stripe
- Developed and contributed to multiple inhouse scripts that automate platform processes

Software Maintainer (Remote Based Contract)

MagnaSoftware - Spain : From December 2021 to April ,2022

Performed maintenance on existing web based softwares powered by different tech stacks i.e MERN Stack and Django Stack for the company magnasoftware.

Achievements and tasks

- Introduced new features to existing systems and redesigned UI
- Successfully improved invoicing feature by fixing existing bugs on the system
- Successfully deployed multiple apps using nginx and firebase

Tiecoone Constructors and Renovators Limited

Web Developer - Kenya | From January 2020 to March, 2020

I worked as a web developer and ensured Tiecoone Constructors and Renovators Online presence which saw an increase in clients Quotes in relation to Buildings Construction and Renovations

EDUCATION

Bachelor Degree in Computer Science - University of Embu . August ,2017 - August ,2021

Kenya Certificate of Secondary Education - Shieywe Secondary School . January , 2013 - December , 2016

SKILLS
